

Community & Recreation Groups

The **Information Temiskaming** committee of the Temiskaming Shores & Area Chamber of Commerce administers the business database and the community services database. This material is intended for educational or general information purposes only, and should not be distributed or copied without the consent of the Temiskaming Shores & Area Chamber of Commerce. Business and Community Service Organizations are in a constant state of flux. As such, we cannot be aware of all the changes in the community and need to rely heavily on these business, service organizations and individual community members to help us keep the database current. The community services database is completely updated on a yearly basis, with regularly scheduled updates to the database made throughout the year by volunteers and community partners.
